Snap-On Smile

Snap-On Smile was invented by a dentist who realized that not everyone can afford many thousands of dollars to get a Hollywood smile make-over.

Snap-On Smile's unique, proprietary formula of hi-tech dental resin make it very thin yet extremely strong. It fits right over your own teeth to give you a beautiful, natural-looking smile--even if you have stains, chips, gaps or missing teeth.

And for many people, Snap-On Smile can be life changing. It gives back the confidence to smile. Thousands of people worldwide have already experienced the unique benefits of Snap-On Smile.

Snap-On Smile is affordable, removable, stunningly white and so natural looking - only YOU will know you're wearing it.

It just snaps in place...

No shots. No drilling. No adhesive.

Snap-On Smile pops right in and snaps in place. It fits over your natural teeth like a glove.
